Subject: GM 2017 & 2018 Diesel test groups

David,

Per your request. I summarized below the Diesel test groups for 2017 & 2018 with their start of production dates, I also included some Gas Programs that have timing mixed in. There are other programs, I just focused on the Diesel programs and the current or early 2018 Gas programs.

We are very concern on completing the certification on time for production. Let me know what we can do to expedite the reviews.

If you have any question please do not hesitate to contact me
